Strauss Smooth Oregano Drops™

Did You Know?

There are over 1600 medical studies on the benefits of Oregano. **Smooth Oregano™ Drops** are made with naturally sourced Turkish Oregano Oil; a rich source of antioxidants, mainly in the form of phenolic monoterpenes, especially carvacrol (73%). Carvacrol and carvacrol-containing essential oils are biologically active preparations that have become widely recognized for their beneficial effects on health.

Smooth Oregano Drops™ is an important source of antioxidants for daily use. Antioxidants are vitally important in supporting a healthy immune system.

The Smooth Oregano™ difference

Most oil of oregano formulas are too strong for the average person. Even hardcore health food fanatics are scared of the coughing, gagging burning effect of 99.9% of today's formulas.

Now you can enjoy an oregano solution that is smooth, effectively spiced and pleasantly sweet with glycerin and natural spearmint. Even more impressive you can dilute it in water, which is something other formulas cannot do. Just add a few drops of **Smooth Oregano Drops™** to a bottle of water and enjoy the tasty benefits throughout the day.

Consider taking **Strauss Smooth Oregano Drops™** with **Strauss Heartdrops®** and **Strauss ColdStorm Drops®**

Supplement Facts - Serving Size: 2.0 ml Servings per container: 50 Amount per serving: Proprietary blend: 2.0g extract of Wild Mountain Oregano Oil Other ingredients: Glycerine, ethanol, water, citric acid, sodium bicarbonate, spearmint flavor
