Strauss Naturals - A Family Business

- A Trusted Tradition since 1980. Canadian company in Kamloops, British Columbia.
- The now famous Strauss Heartdrops® were created for Jim Strauss Sr. in 1980 after he suffered a heart attack. Over 40 years ago, Jim and his son Peter developed Heartdrops® from knowledge gained from generations of family herbalists. Jim never had heart surgery. He never took pharmaceutical drugs and he worked for another 25 years.
- Strauss Heartdrops® remains the flagship formula and helps thousands of people improve circulation, increase their energy and return to health.
- The four original centuries old formulas are back by popular demand – Cardio Calm Drops, Kidney & Blood Pressure Drops, Prostate Drops and Bladder Drops. All are highly effective and carry the same 100% satisfaction money back guarantee.
- All Strauss formulas are holistic using synergistic herbs.
- Originally tested by organoleptic method by the Strauss Family to ensure the highest quality of ingredients are used for greatest efficacy.
- Our unique extraction methods allow us to capture not only the key herbal compounds studied in clinical research but also the full spectrum of lesser known or even undiscovered components that work together holistically to deliver the results you are looking for in an herbal preparation. Products are third-party laboratory tested for strength and purity.
- Our premium brands are manufactured in our GMP Certified, Canadian NNHPD licensed and USFDA inspected facility.

**Founders,
Peter Strauss & Jim Strauss Sr.**

Strauss Travel Bug® Drops – Garlic & Ginger Extract

NPN 80091218

Medicinal Ingredients (per ml):

Allium sativum (**garlic bulb fresh**) 270mg

Zingiber officinale (**fresh ginger root**) 270 mg

Zingiber officinale (**dried ginger root**) 10.45 mg

Non-medicinal ingredients:

Glycerine, ethanol, citric acid, spearmint flavor

- The ethanol alcohol is extremely pure and of the highest quality, derived from natural corn that is non-GMO, distilled and purified such that it is corn and gluten free and is 200 proof
- Glycerin. Non-GMO 100% vegetable derived. Kosher certified.
- Natural Spearmint Flavor. Water and alcohol based.

Travel Bug® Drops – Garlic & Ginger Extract

Indications:

- **Garlic and Ginger** are traditionally used in Herbal Medicine as an expectorant and anti-tussive to help relieve symptoms associated with upper respiratory tract infections and catarrhal conditions, including nasal congestion, coughs, colds, and bronchitis.
- **Ginger** is traditionally used in Herbal Medicine to help relieve digestive upset including lack of appetite, nausea, digestive spasms, indigestion, dyspepsia and flatulent colic. Helps prevent nausea and vomiting associated with motion sickness and/or seasickness.

Dosage:

Adults, adolescents and children (6 years and older): 2 mL, 1 - 4 times per day.

For anti-nausea use, take a single dose 30 minutes before travel and every 4 hours after that, as needed. Shake well before use.

Risk Information:

Consult a healthcare practitioner if symptoms persist or worsen.

Consult a healthcare practitioner prior to use if you are pregnant, have diabetes, taking blood thinners or protease inhibitors. Discontinue use if hypersensitivity occurs.

Travel Bug® Drops Ingredients: **Garlic & Ginger**

Strauss Garlic & Ginger Extract presents medicinal amounts of garlic and ginger in a pleasant tasting base consisting of glycerin, ethanol, citric acid, and spearmint flavor.

- The product was designed as prophylactic against mild upper respiratory tract and gastrointestinal infections before, during and after travel and/or associated with travel
- The product relies upon the traditionally recognized antimicrobial properties of both garlic and ginger and their effectiveness against upper respiratory tract infections and digestive disturbances, and further benefits from the clinically demonstrated anti-nausea effects of ginger
- Ginger root is an important medicinal herb used Worldwide for a variety of ailments ,including nausea, motion sickness, flatulence and various gastrointestinal conditions, due to its cholagogue, diuretic, antispasmodic, anti-inflammatory, analgesic, cardio tonic and analgesic, cardio tonic and hypotensive actions (Ellingwood1919; Bradley 1992; Langner)

- Among other therapeutic effects, the NNHPD's Garlic monograph attests to the Traditional use of garlic bulb preparations in Herbal Medicine to help relieve the symptoms associated with upper respiratory tract infections and catarrhal conditions (such as nasal congestion/buildup of excess mucous) (Health Canada 2018).
- The demonstrated hypocholesterolemic, hypolipidemic, fibrinolytic, vasodilatory, and hypotensive actions of garlic are consistent with the herb's Traditional indications and use as a "hot" remedy, i.e. for treating "cold" illnesses such as those arising from poor circulation, cold and congested constitutions (Mills 1991).
- Garlic extracts help to maintain and promote respiratory function in states of good and compromised health, both by providing cardiovascular support and by direct actions on the respiratory system.
